Sharing Workload		

Comments:

Team Functioning

Complete the pie chart to depict your perceptions of the relative contributions (out of 100%) by you and your partner as you engaged in and completed the project. Provide the relative percentages, and offer an explanation.

Explanation: (in this space and/or on the back)

Individual Evaluation

Person Evaluated _____

Analyze, in detail, one teammate's total contributions to your team project. Use the space provided below or attach a word-processed copy of your response.

1. Describe your teammate's task contributions. How did this member aid in
 - supplying ideas, information, and analysis about issues
 - presenting examples / data that addressed the depth and breadth of the issues
 - arriving at decisions necessary for the completion of the project

2. Describe your teammate's maintenance contribution. How did this member aid in
 - maintaining cooperation and enthusiasm of the teammates
 - reaching cohesion
 - building a sense of the team

3. Discuss your overall impression of this teammate's total contribution to this project.
